### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Paul D. Durkee (registration no.41,003) on January 4, 2007.

2. The application has been amended as follows:

**Claims 6 and 10** have been **amended** as follows:

6. (Currently Amended) A system for incrementally backing up data from a logically represented volume on disk media, accessible by a client through a network connection, the client comprising an enterprise database application, said system comprising:

a track identifier to identify tracks of logically represented volume that have changed since a last incremental backup operation by reading fresh data indications, (i) wherein each of the fresh data indications corresponds to a track of the logically represented volume and (ii) wherein a given fresh data indication is indicative of whether its corresponding track has been changed since a last incremental backup operation;

Art Unit: 2168

a file identifier to identify files for incremental backup, the identified files comprising changed and unchanged blocks saved on a track deemed changed since a last incremental backup operation; and

a backup mechanism utilizing a processor to incrementally backup the identified files from the disk media to sequential storage media through a high speed connection.

10. (Currently Amended) A machine-readable media for incrementally backing up data from a logically represented volume on disk media, accessible by a client through a network connection, the client comprising an enterprise database application, the machine-readable media having stored therein computer executable instructions for the ~~computer-readable media being encoded so that, when the machine-readable media is read by a computer the machine-readable media causes:~~

identifying tracks of the logically represented volume that have changed since a last incremental backup operation by reading fresh data indications, (i) wherein each of the fresh data indications corresponds to a track of the logically represented volume and (ii) wherein a given fresh data indication is indicative of whether its corresponding track has changed since a last incremental backup operation;

identifying files for incremental backup, the identified files comprising blocks saved on a track deemed changed since a last incremental backup operation; and

backing up the identified files from the disk media to sequential storage media through a high speed connection.

3. The following is an examiner's statement of reasons for allowance:

The reasons for allowance stands as outlined in the notice of allowance mailed October 12, 2006.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Greta L. Robinson whose telephone number is (571)272-4118. The examiner can normally be reached on M-F 9:30AM-6:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tim T. Vo can be reached on (571)272-3642. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
